Save a Woman's Life.

Mr. J. Thoroughgood, writing from Georgetown, Delaware, says: "Two spoonfuls of Chamberlain's Colic, Cholera and Diarrhoea Remedy saved the life of Mrs. Jane Thomas of this place." He also states that several other very bad cases of cholera and diarrhea have been cured by this remedy. For sale by Swearingen & Tyler. d&w

Bismol's Carnet Sweeper.

The most improved and perfect finished sweeper in the country at lowest prices, at Linn & Scruggs Dry Goods & Carpet Co.

THE CITY LEGISLATURE.

Contracts Awarded—Parke & Son Will Supply Decatur With Coal.

Aldermen Ferguson and Hubert were absent at the meeting of the city council held last night.

The application for a water main on North College street between Eldorado and Cerro Gordo was referred, as was also the petition for a 12-inch sewer in the alley between Church and Main streets, from William to North; also the petition for the widening of Wood street from Hawthorn avenue to Oakland avenue.

The remonstrance against the proposed sewer on Water street north of Herkimer was laid on the table.

Property owners objected to the building of a sewer in the alley between East William and Erie streets.

COAL CONTRACT AWARDED.

The committee reported that V. B. Parke & Son had submitted the lowest and best bid for furnishing the city with coal, and they recommended that the contract of Parke & Son be closed. Ald. Head spoke in favor of the Decatur Coal company, which he said was a home institution and deserved the contract.

On the motion to adopt the report the vote was a tie as to the aldermen, Mayor Chambers giving the deciding vote in favor of Parke & Son as follows:

Voting aye—Bartholomew, Bramble, Cape Holman, Montgomery and Shads.

Nay—Deitz, Hall, Head, Seeforth, Watkins and Williams, O. Mayor Chambers voted aye.

Biocks Brothers were paid \$1,371.95 for laying concrete walk on North Water street.

H. M. Whitmer asked the privilege of erecting a steam heating plant and for laying steam pipe across East Main street. Granted.

The city engineer submitted several reports, showing the public cost of the Healy sewer, and the public expense of several sewers as follows: Sewer in the alley between Eldorado and North streets, from Jasper street east, \$111.90; sewer in the alley between East Eldorado and Cerro Gordo streets, from Jasper to Calhoun, \$58.92.

ESTIMATES.

The estimated cost of the paving of South Franklin street, Wood street to Jefferson street, is as follows: Private cost, \$9,000, at \$1.80 per square yard; public cost, \$668, at \$1.80 per square yard.

Estimates of the cost of paving North Broadway from East Main to Mason street: Private cost, \$15,505.50 at \$1.85 per square yard; public cost, \$2,556 at \$1.80.

Estimate of the cost of paving East Washington street: Private cost, \$53,940.05 at \$1.85 per square yard; public cost, \$119 at \$1.80 per square yard.

The estimated cost of sewer between Edmund and Condit streets, from Broadway to Morgan, was \$950.

Estimated cost of sewer lateral between Water and Warren streets, running both north and south from the alley between Orchard and Condit streets, is \$525.

All the above estimates were adopted.

ORDINANCES.

The annual tax levy ordinance was read a second time and passed.

The ordinance for a sewer between Orchard and Condit streets, and Water and Warren streets was passed.

The ordinance for a sewer between Edmund and Condit streets, from Morgan to Broadway, was passed.

LIQUOR LICENSES.

The license of C. P. Fries, at No. 118 North Water street, was transferred to Theo. Shaefer.

G. A. Keller filed bond and made application for a liquor license for a period of three months at the race track. The bond was approved and license ordered issued.

SEWER RIDES.

Bids on the sewer lateral between Edmund and College streets, from King street north, were read as follows: A. F. Gephart & Co., 60¢ per foot; Field & Wilson, 56 cents per foot; H. Mueller Company, 57 cents per foot. The contract was awarded to Field & Wilson.

WILL INTERVENE.

Ald. Bramble in a pointed speech brought up the Union street extension from Decatur street south two blocks to the street leading to Embodell's new addition of a laundry. Mr. Embodell in a petition had asked for report. On motion of Ald. Bramble the proposition was referred to the streets and alleys committee.

The city clerk was directed to advertise for sealed bids for paving South Franklin, Washington and Broadway streets.

The committee to whom was referred David Martin's communication in reference to the paving of North Morgan street, made the following report: We recommend that the paving with brick from Mason street to the Wabash, as specified in the ordinance, and that David Martin be allowed for himself and Hawthorn to repair and put in good shape the freer stone paving now there; also that the Wabash on the right of way on the south side of the track be paved either with one course of brick set edgewise and with freer stone in conjunction with Mr. Martin, who is to be done under the direction of the city engineer. The report was adopted.

By Deitz: That the sidewalk on the east side of Clayton street from Hickory to Walnut be taken up and a proper grade established. Referred.

By J. W. Williams: That the city attorney begin the necessary proceedings for the sewer between Orchard and Condit and Water and Warren streets. Adopted.

By Seeforth and Shads: That the catch basin on the north side of East Wood street at the brick culvert west of Broadway, be constructed by raising the culvert to the street grade and to relieve the new sewer, and that the work be done by the street superintendent.

By Bramble: That the street superintendent change the water from the corner of the street on West Jefferson to the street superintendent.

ESTIMATES.

The estimated cost of the paving of South Franklin street, Wood street to Jefferson street, is as follows: Private cost, \$9,000, at \$1.80 per square yard; public cost, \$668, at \$1.80 per square yard.

Estimates of the cost of paving North Broadway from East Main to Mason street: Private cost, \$15,505.50 at \$1.85 per square yard; public cost, \$2,556 at \$1.80.

Estimate of the cost of paving East Washington street: Private cost, \$53,940.05 at \$1.85 per square yard; public cost, \$119 at \$1.80 per square yard.

The estimated cost of sewer between Edmund and Condit streets, from Broadway to Morgan, was \$950.

Estimated cost of sewer lateral between Water and Warren streets, running both north and south from the alley between Orchard and Condit streets, is \$525.

All the above estimates were adopted.

ORDINANCES.

The annual tax levy ordinance was read a second time and passed.

The ordinance for a sewer between Orchard and Condit streets, and Water and Warren streets was passed.

The ordinance for a sewer between Edmund and Condit streets, from Morgan to Broadway, was passed.

LIQUOR LICENSES.

The license of C. P. Fries, at No. 118 North Water street, was transferred to Theo. Shaefer.

G. A. Keller filed bond and made application for a liquor license for a period of three months at the race track. The bond was approved and license ordered issued.

SEWER RIDES.

Bids on the sewer lateral between Edmund and College streets, from King street north, were read as follows: A. F. Gephart & Co., 60¢ per foot; Field & Wilson, 56 cents per foot; H. Mueller Company, 57 cents per foot. The contract was awarded to Field & Wilson.

WILL INTERVENE.

Ald. Bramble in a pointed speech brought up the Union street extension from Decatur street south two blocks to the street leading to Embodell's new addition of a laundry. Mr. Embodell in a petition had asked for report. On motion of Ald. Bramble the proposition was referred to the streets and alleys committee.

The city clerk was directed to advertise for sealed bids for paving South Franklin, Washington and Broadway streets.

The committee to whom was referred David Martin's communication in reference to the paving of North Morgan street, made the following report: We recommend that the paving with brick from Mason street to the Wabash, as specified in the ordinance, and that David Martin be allowed for himself and Hawthorn to repair and put in good shape the freer stone paving now there; also that the Wabash on the right of way on the south side of the track be paved either with one course of brick set edgewise and with freer stone in conjunction with Mr. Martin, who is to be done under the direction of the city engineer. The report was adopted.

By Deitz: That the sidewalk on the east side of Clayton street from Hickory to Walnut be taken up and a proper grade established. Referred.

By J. W. Williams: That the city attorney begin the necessary proceedings for the sewer between Orchard and Condit and Water and Warren streets. Adopted.

By Seeforth and Shads: That the catch basin on the north side of East Wood street at the brick culvert west of Broadway, be constructed by raising the culvert to the street grade and to relieve the new sewer, and that the work be done by the street superintendent.

By Bramble:

DAILY REPUBLICAN

ICE CREAM SODA.

Our fountain is now open, and we are dispensing the Finest ICE CREAM SODA in the City.

KING & WOOD.

TUESDAY EVE., AUG. 16, 1892.

ANNOUNCEMENTS.

We are authorized to announce that the Republican club excursion trip to Springfield, Illinois, should be taken from now on to the time of the departure of the train. These members of the club who have not secured uniforms should do so at once and be ready. Goodmen's Band will go along; also the Drum Corps, the Abraham Lincoln club and Monitor Band. Deatur will make a big showing on the first trip out. He has of the party. Scores of Republicans from the country will go along.

Avoid the rub on Thursday and get your uniforms on at the Republican club store at once. They are ready.

A telegram states that Hon. Whitlaw Reid will leave New York City on Wednesday morning. He will be accompanied on the trip by Congressman Barrows, of Michigan. Reid will go direct to Springfield where he speaks on Thursday evening. Then he returns eastward as far as Ohio, visiting the home of the Reid family and making speeches at different points in the state. Possibly on his eastern trip, Mr. Reid will pass through Decatur.

MR. REID WILL BE THERE.

The great tin-plate works at Elwood, Indiana, erected by the American Tin Plate company, headed by Colonel A. L. O'Conner, will be opened Sept. 15. The plant is nearly finished now, but the owners were determined to have it "baptized" by Governor McKinley, and the date was arranged to suit his convenience. He will deliver the principal address, but General Alger, Gov. Chase of Indiana, Gov. Fisher of Illinois, and other well-known public men will be there. It will be an all-day meeting with all-day lunch, and the Republicans propose to make it one of the biggest campaign gatherings ever seen in the west.

NOTES.

Senator Callum has written President Tracy that he will be in Springfield on the 18th, to assist in receiving Hon. Whitlaw Reid.

The Reid train out of Chicago Thursday will reach Bloomington about noon. A brief stop will be made at Bloomington. Possibly there will be a demonstration.

A meeting of the members of the Abraham Lincoln Republican club will be held to-night at Monitor Band hall. A full attendance is desired. Business of importance.

The Young Men's Republican club will hold their final meeting before the trip to Springfield, at the court house to-morrow night. Be there.

In the mail to-day A. H. Robinson received this note from Charles A. Ewing, Sedalia, Mo. who is traveling for the Decatur Coffin company:

My dear friends, - Notes that you have succeeded in organizing a train corps for campaign. Here's my 10¢. May the Lord help you if your cause is anything like that of '94. What could be better? Would the train be taken one night at least anyway? However will vote out here, as they need it. Warner is making things hard, and we know they are saved by the color of his hair.

FAREDEAR AT THE CAPITAL.

Speaking of the parade and demonstration at Springfield Thursday night, the State Journal of to-day says the column will be reviewed from the executive mansion by Mr. Reid, Senator Callum, Governor Fisher and other invited guests. The clubs will be massed at the state house, and with the thousands of other listeners will be addressed by the next vice president and by Congressman Deliver of Iowa. Aides will be disposed along the line of march to distribute Roman candles, etc., so that there will be a grand pyrotechnical display as the column moves. Clubs from Springfield, Decatur, Bloomington, Peoria, Jacksonville, Pima, Greenville, Auburn, Taylorville, Beardstown, Virginia, Lincoln, Lumbertown and other towns will be in line.

THE MACON FAIR.

It is in Progress-Some of the Principal Features.

The annual fair at Macon began to-day with a grand opening, and a fine display of many beautiful and attractive designs and products from the town and surrounding country. No small pains have been taken to have a better fair at Macon this year than has ever been held, because this is one of the first fairs of the season, and because Macon was not to have any fair this year and a great many things will be at Macon instead of going to Mowqua. The fair lasts four days, and no one within twenty miles can afford to be absent.

Mr. Willoughby, the secretary, says there have been entered some of the fastest running horses in the state, besides a number of pacers and trotters. There will be racing every day. There are horses entered from Kansas.

Jim Smith entered a pacing horse yesterday with a 2:13 record, and he has entered him with the intention of winning.

The merry-go-round swing has one of the finest organs in the world, with all kinds of attachments for music, such as bells and horns. It makes the finest music in the world. The entire cost of this whole swing with music is \$3000.

The "Battle of Gettysburg" is another very attractive feature of the fair, which everybody must not fail to see. It contains a space of 250 feet inside the tent, and it shows views to the extent of ten miles.

There is plenty of shade and water on the ground, with stands and eating-places to supply the demands of all hungry people. A most excellent band from Chicago is to furnish music for this occasion. There are many other little devices, such as striking machines, photographs and other attractions not mentioned.

Accepted.

Walter C. Keeler, who has been for several years past bookkeeper and accountant for the well-known insurance firm of Warren & Dardoe, has resigned his position to accept the agency for the Employee's Liability Corporation of London, England. His territory comprises all the cities in the central portion of Illinois, and his headquarters will be at Bloomington. The change is in the nature of a promotion for Mr. Keeler, and his many friends will be gratified to learn of his success. Mr. Harry L. Oldham, of London, England, arrived in the city yesterday from Chicago and will succeed Mr. Keeler. He is already on duty.

"ARE YOU READY?"

Let Her Go!-Get Uniforms and Tickets for the Springfield Trip.

The sale of dollar tickets for the Republican club excursion trip to Springfield Thursday evening, should be brisk from now on to the time of the departure of the train. These members of the club who have not secured uniforms should do so at once and be ready. Goodmen's Band will go along; also the Drum Corps, the Abraham Lincoln club and Monitor Band. Deatur will make a big showing on the first trip out. He has of the party. Scores of Republicans from the country will go along.

Avoid the rub on Thursday and get your uniforms on at the Republican club store at once. They are ready.

A telegram states that Hon. Whitlaw Reid will leave New York City on Wednesday morning. He will be accompanied on the trip by Congressman Barrows, of Michigan. Reid will go direct to Springfield where he speaks on Thursday evening. Then he returns eastward as far as Ohio, visiting the home of the Reid family and making speeches at different points in the state. Possibly on his eastern trip, Mr. Reid will pass through Decatur.

MR. REID WILL BE THERE.

The great tin-plate works at Elwood, Indiana, erected by the American Tin Plate company, headed by Colonel A. L. O'Conner, will be opened Sept. 15. Oldham, of London, England, arrived in the city yesterday from Chicago and will succeed Mr. Keeler. He is already on duty.

STREAM HEAT AND POWER.

H. M. Whitmer Has Broken Ground For a \$9,000 Plant.

A Home Enterprise Worthy of General Encouragement. - It is a Go.

During the past several years Mr. H. M. Whitmer, owner of part of the block in which the Republic office is located, has had an important steam heating enterprise in contemplation. The present scheme has unfolded in a general way his plan to properly equip the business part of the city, and on every hand Mr. Whitmer has received instant encouragement. The plan is to build a steam heating and power plant, and by means of underground pipes on the combination single and double pipe system furnish both heat and power to patrons in two of the principal business blocks in the city-blocks 1 and 2, official town of Decatur. The cost for heat and power in business rooms, in offices, etc., to be about the same as that now paid for heat by the use of stoves. The exact change has not been established. The rates will depend upon the space for which heat is desired.

GROUND BROKEN.

The city council last night granted Mr. Whitmer the desired privileges, and this morning he broke ground for the plant, which is to be built in the vacant space at the corner of E. G. Allen, E. G. Hanks & Co. and the Steam Laundry stores, west and south of the rear of the Republican office building. The excavation will be 40x50 feet, and 14 feet in depth, and the brick building will be two stories high. The great depth is necessary in order that there may be a fall for the return pipe, as all of the water will run back into the boilers and be used again; and also to supply, if necessary, the occupants of the block in which J. C. Milhkin & Co.'s bank is located.

The present plans of Mr. Whitmer are to furnish steam at present only for blocks 1 and 2, extending between Water and Main streets, north from Wood street to Prairie avenue, but at any time he can enlarge the plant and branch off to other blocks.

The plant as now contemplated will involve an outlay of \$7,000 to \$9,000. There will be four to six big boilers, which will carry 60 to 80 pounds of steam for heating, and the steam power will be sufficient to furnish ample power for heavy or light machinery. The present arrangements are that steam power will be furnished the Republican office, the H. F. Ebbens laundry and the Hanks Clothing Manufacturing company.

No doubt the steam heating and power advantages thus afforded through the enterprise of Mr. Whitmer will result in starting a number of manufacturing plants in the blocks which will be reached by the steam pipes. Certainly everybody who knows what it is to handle coal, ashes and stoves in winter will be glad to get the steam heat. It is a once up and for the steam heat. It is a most worthy undertaking and will receive substantial encouragement. The plant will be ready for operation by the time heat is needed. Parties using the heat will pay in connecting pipes and radiators at their own expense. Mr. Whitmer simply puts down the supply pipes and furnishes the steam.

ALL QUIET AT BUFFALO.

Railway Strike Trouble Still On-Accident.

(SPECIAL TO THE REPUBLICAN.)

BUFFALO, N. Y., Aug. 16.-All reported quiet at the railroad yards, but this morning the situation had not improved. Further outbreak is expected, as non-union men are to be put to work.

Six Men Killed.

Chicago, Aug. 16.-A construction train on the Toledo, W. Valley & Ohio railway collided with empty cars six miles north of Coeburn, Ohio, last night, resulting six men to death and terribly injuring fifteen others.

THE MONTICELLO FAIR.

A Number of Local Bicyclists Leave for the Season of Action To-Day.

A number of local bicyclists left to-day for Monticello, where they will enter the Monticello fair, and several will enter the bicycle race contests to-day. Among those who left this morning for that city were Ben J. Shockey, Harry Shindlerman, Frank Dodd, B. E. Thieringer and Lute Shillabarger. There will be some fast bicycling racing to-day, as Bert Meyer, ex-champion of the world, and J. L. Dyer will compete for the prizes. The fact that these two men would enter the races rather broke the Decatur boys up, for they had expected to make a good race for the other contestants, but it now looks like a walk-away for Meyer. There are nineteen entries in the handicap race and the start will be as follows: Bert Meyer will start from the scratch; J. L. Price 69 yards from the scratch; C. Brittingham, of Danville, 40 yards; Roy Keston, 55 yards; J. B. McKibben, 100 yards; Frank Dodd, 125 yards; B. E. Thieringer, 140 yards; Ben Shockey, 175 yards; W. A. Hise, 220 yards; Leo Heiburn, 250 yards.

Frank Dodd stated that he didn't think he would contest for the prize. All of the young men took their bicycles with them just the same if they are not "in it" when it comes to racing.

Handy Electric Boats.

The Electric Launch and Navigation Company at New York has been awarded the contract for running electric boats on the interior waterways at Jackson park during the World's Fair. It will pay the operating 35% of the gross receipts. These boats will convey visitors from one point to another or on a general three-mile tour of the grounds, as desired. Such a tour affords some of the finest views of the buildings and grounds, and is sure to be popular.

Plenty of Bananas.

Another carload of bananas was received by the wholesale fruit house of Geo. W. Ehrhart & Co. this morning, and they are prepared to supply all retail houses. They also have some very fine watermelons which are very large, and all dealers will do well to call on this house before purchasing watermelons of bananas.

THE CHIPMAN CASE.

Wanted at St. Paul for Appropriating \$600.

A telegram from St. Paul in reference to Frank E. Chipman, arrested here Sunday night, gives the following particulars:

St. Paul, Minn., August 15.-Frank E. Chipman formerly resided on the West Side and was an attorney at law. He is a married man and has several children. In his business transactions he had a client named Matilda H. Davis. October 1, 1890, he collected about \$600 for her, which, it is alleged, he failed to turn over, but appropriated to his own use. It is said that Chipman some time since began "the piece that kills" and the income of his law practice was not sufficient to keep up these extravagances and he resorted to the appropriation of his clients' money. May 7, 1891, he was indicted by the Ramsey county grand jury and became a fugitive from justice. It is said that since that time he has been engaged as a traveling agent for some non-existent insurance company. Deputy Sheriff Kinney left to-day for Decatur.

The afternoon a Republican reporter visited Chipman at the jail and gave him the points in the above telegram, his first information as to the identity of the party who caused his arrest. Chipman appeared to know all about Mrs. Davis, who is a widow woman and an invalid formerly the keeper of a boarding house. Chipman said he was attorney for the lady in trying to collect money on notes which called for \$2500, secured by a third mortgage on 80 acres of land worth \$3,000. He stated that he had effected a partial settlement of the matter by having the first and second mortgages set aside, leaving the lady with a first mortgage. In the settlement \$500 was paid to Chipman, of which Chipman admits that he appropriated less than \$400 as his fee. The prisoner says that at the time Mrs. Davis objected to the retaining of so much money, but he retained it believing that he had earned it. He says he has no fear of serious trouble in the case, and hopes to be at liberty soon. Chipman still thinks that his personal enemy at St. Paul, a prominent business man, is behind the prosecution.

WILL LEAVE TO-MORROW.

A Jolly Party of Ladies and Gentlemen to Go Into Camp at Lake Pelzer.

A short time ago Fred B. Mueller and Ash Hoskins made a tour of the country in quest of desirable ground for camping purposes. They finally chose a picturesque spot on the banks of Lake Pelzer, a small body of water located most artistically by Dame Nature on the farm of George Belzer, four miles north of Oakley, about two hundred yards from the Sangamon, in a region surrounded by large elm trees, the ground lying about twenty feet above the surface of the water. Several tennis courts have been laid out and besides there are swings. In fact there is every advantage to make it an ideal camp. Since then arrangements have been perfected and to-morrow a number of the gentlemen will leave on the early train with their baggage and tents and prepare the camp, pitch the tents and make ready for the remainder of the gentlemen, and the ladies. Several new boats will be brought and moored on the Sangamon and the lone fishermen will supply themselves with a goodly supply of fishing tackle and supplies. They anticipate a great outing and one can expect to hear some terrible experiences and fish stories for weeks after their return. Mr. and Mrs. W. H. Elwood will chaperon the party. The other members will be Misses Minnie Buchanan, Adelle and Clara Elbert, Leola Mueller, Mable and Rose Mills, Elsie and Lillian Hueser, Cora Brook and Villa Noble, and Messrs. Fred, Albert Adolph and Oscar Mueller, Oscar Dawson, South Walker, Ash Hoskins, Harry Hord, and Frank Davis.

Death of James E. Skelley.

Almost a week ago James E. Skelley, the second son of City Clerk and Mrs. L. F. Skelley, was taken sick with diphtheria, and this morning, at 2:25 o'clock, the boy, after days and nights of severe suffering, passed away in death, aged ten years and 11 months. The constant attention of the devoted parents and the skill of two of the best physicians in the city were unable to do more than afford temporary relief. The child was healthy, bright and was progressing rapidly in his studies at school. Now his place is vacant in the home, but the memory of his childish ways, his happy disposition and his uniform of obedience will linger forever with his bereaved parents and associates. In their great sorrow Mr. and Mrs. Skelley have the sincere sympathy of their hosts of friends.

The funeral will take place from the residence, No. 354 East William street, at 9 a. m., August 17th, Rt. Rev. Father Mackin officiating.

Arrived at Vancouver.

Mrs. A. B. Summers received a telegram yesterday afternoon announcing the safe arrival of her husband and the remainder of the Alaska party at Vancouver, British Columbia. The party left Vancouver to-day and expect to reach Chicago August 24.

Club Meeting.

All members of the Young Men's Republican club are requested to attend a called meeting to be held in the circuit court room at the court house, Wednesday evening, August 17th. Business of importance. HARRY K. MCKINLEY, Pres't. A. F. SKELLEY, Sec'y.

Long Creek Primery.

The Long Creek Republican primary election will be held Tuesday August 23, 1892, between the hours of 3 to 7 o'clock p. m., at Long Creek School House.

J. A. COCHRAN, Committeeman.

Some Better.

James Montgomery, who was struck last evening by the Illinois Central train, is resting somewhat easier to-day, and Dr. Otto states there is some probability of the lad's recovery.

WANTS AN OUTLET.

Ald. Bramble and the John Imboden Case in the Council.

As will be noted in the city council proceedings on another page, at the session last night Alderman Bramble called up the prayer of Mr. John Imboden for the opening of South Union street from Decatur street, north 300 feet, between the premises of Orlando Powers and Jason Rogers, to the north line of Mr. Imboden's addition of 75 residence lots, the plat for which addition was approved some months ago by the council. In the course of his remarks on the claim of Mr. Imboden for the extension of the street to that he may have an outlet and in order that purchasers of the lots may have access to the property, Alderman Bramble stated that without the extension of the street as indicated Mr. Imboden will suffer a great loss. Mr. Bramble further stated in his speech that Mr. Imboden had been more than generous to the city. He has not only donated to the city free of cost Spring avenue, a street 50 feet wide and 1200 feet long, but he has also furnished free of cost gravel for the street. He has been a public benefactor in other respects. He has spent \$1,000 to \$1,500 in grading for the new addition, and with considerable emphasis Mr. Bramble said that Mr. Imboden's claim justly deserves prompt consideration. As a result of the discussion Mr. Bramble's motion that the case be referred to the Streets and Alleys committee for immediate investigation was adopted. There is but little doubt but that the street will be extended to the point desired.

With the Big Minstrels.

Among the novel features in Primrose & West's minstrels are Johnson, Biano and Benly in the funniest act ever put before the public: "The Monkey and the Farmer."

J. Melville Jensen's latest production is rather odd, in which the entire company take part. It's a song and dance entitled, "The Bridegroom's Mistake, or the Coon that Married for Money."

Morris Cronin, the greatest and the highest-salaried juggler of the age, is with Primrose & West's minstrels. The minstrel will appear at the Grand to-morrow evening. Be there.

The Oats Field.

George L. Jones on his farm southwest of Macon, had 27 acres in white oats. The crop has been harvested and part of it sold. The 27 acres yielded 1430 bushels, and tested 32 pounds to the bushel. Mr. Jones sold 225 bushels to-day to Benton Blackstone at 32 cents.

We Are Pulling the Tail Feathers Out of Our Competitors

IN OUR GREAT CLEARING-UP SALE.

We give you a few Sample Prices and a visit to our store will tell you the rest:

In Ladies', Misses' and Children's Oxfords we show all the styles. In Dongolies we have the Patent Tip, low and high heels, plain toes and every kind you ask for. Those we have sold at \$2.00 now go at \$1.50; Machine Sewed, Hand-Turned Oxfords which we sold at \$1.75 now go at \$1.25; those sold at \$1.50 now go at \$1.00; those which sold at \$1.00 now go at 75c; those which sold at 75c now go at 50c.

In Men's Shoes we show you a Goodyear Hand Sewed Shoe which retails the world over at \$3.00 and \$3.50. They are out of prime leather, made in New York, Globe and French toes. They run in sizes from 5 to 10, and are principally in Congress. We propose to sell these splendid shoes at \$2.00 per pair. We show a nice Dongola, fair stitch shoe, made with the Bridgeport goring, every pair warranted. This is another regular \$3.00 shoe at houses which sell on close margins; we sell them at \$2.00.

A popular shoe in summer are the Gossamer Weights. They are very good to use for indoor work and to wear in pleasant weather, being light, flexible and very easy to the foot. They are all right for Summer and early Fall wear. We have them in Tip and Plain Toes, in Congress and Lace. The sizes run from 6 to 10. They sell regular at \$2.25, but we are going to give them to you at \$1.25.

We cannot give you press on everything. We have before appealed to our friends, the people of Decatur, when there was a great desire to unload surplus goods and we have never yet been disappointed. They appreciate and come to get such bargains as we offer. The fact must not be forgotten that the bargains here offered are not on a few pairs only but all you want. Embrace this opportunity.

The Unapproachable Bargain Sale at the Retail House of

FERRISS & LAPHAM,

148 East Main Street.

Here's What the Plasterers Think of ROCK PLASTER.

WE THE UNDERSIGNED, contracting plasterers, after much experience and observation, take pleasure in testifying to the practical character of ROCK PLASTER, and while it will remove a not inconsiderable amount of business, namely that of patching, we advocate its use, as it enables us to do work and guarantee the results, and enables us to carry on our trade at all seasons of the year, and modernizes that part of building enterprise which has undergone practically no improvement in the last two thousand years, placing the business of the plasterer on the same footing as that occupied by the other trades through the advent of machinery and improved methods.

CLARK & ALLEN, J. P. CARLILE, J. A. HILDEBRANDT, John Koller Ass. JOHN WOLFE.

COLUMBUS, O.

Manufactured by DECATUR ROCK PLASTER CO., 341-343 Mason Street, Decatur, Ill. TELEPHONE 225. April 5-1892.
